## Charlotte Street restrictions

Charlotte Street is operated, through traffic control, as a contraflow thoroughfare where there is no access to George Street during road closures for the CBD Anzac Day Parade. Due to the CrossRiverRail construction these restrictions are likely to increase at the junction of Charlotte and Albert possibly reducing the number of lanes available to transit. This area will be subject to traffic control for the duration of the event road closures.

## Changed parking conditions

Temporary changes to parking signage will commence from 7:00pm on Friday, 24 April 2026 and will be reinstated by 11.59pm [MBL1] on Saturday, 25 April 2026.

The following locations will become tow-away zones to assist in the road closures associated with Anzac Day:

- **Adelaide Street**, between North Quay and Wharf Street
- **Albert Street**, between Adelaide Street and Charlotte Street
- **Ann Street**, between Edward Street and Creek Street
- **Burnett Lane**, between George Street and Albert Street
- **Charlotte Street**, between George Street and Creek Street
- **Creek Street**, between Ann Street and Elizabeth Street

- **North Quay**, between Ann Street and Victoria Bridge
- **Queen Street**, between William Street and Wharf Street
- **William Street**, between North Quay and Stephens Lane
